

SYLVANIA RHINOCOAT® SAFELINE®

Shatter Resistant Incandescent Lamps

SYLVANIA RHINOCOAT SAFELINE - Tough enough for life's bumps and knocks.

SYLVANIA RHINOCOAT SAFELINE Bulbs have a tough silicone coating which helps prevent breakage. This coating also holds the glass together, keeping it from shattering.

SYLVANIA RHINOCOAT SAFELINE Bulbs are suitable for everyday applications from the basement to the attic — every place where protection from broken glass is important. The shatter-resistant coating makes it ideal in areas of food preparation as well as around children. Armed with the moisture-resistant surface coating, SAFELINE bulbs are also great for outdoor applications such as porch or post lamps.

Key Features & Benefits

- Extra protection and safety
- Moisture resistant
- Shatter resistant
- Suitable for outdoor applications
- Available in a variety of popular shapes
- Most types contain rugged filaments
- Ideal for use in food preparation areas

Product Offering

Bulb Shape	Wattage
